If you have authorized a physician, we request continued authorization of medical treatment with this physician. Please let us know immediately who is currently authorized to treat our client. Further, if the treating physician releases our client from care, we expect that our client will be able to go back to the treating physician without seeking subsequent authority from the respondent to do so. Please let us know immediately if that assumption is not correct.

Our client **worked 40 hours per week and earned \$19.00/hour**. Please provide us with a wage statement.

WE DO NOT AUTHORIZE RELEASE OF ANY INFORMATION CONCERNING OUR CLIENT'S CLAIM TO THIRD PARTIES, INCLUDING NURSE CASE MANAGERS.

We do not authorize a nurse case manager to contact our client, to attend any medical appointments of our client, or to have any access to our client's medical records and/or direct contact with our client's physicians or medical providers. Any attempt by a nurse case manager to contact my client, my client's physicians, or obtaining of my client's medical records by a nurse case manager will be referred by our office to the appropriate administrative agency.

Our client will, as the case progresses, send requests for mileage reimbursements and prescription reimbursements. Please let us know as soon as possible subsequent to your receipt of these requests whether or not they will be paid.

Any correspondence with our client as well as any checks for temporary total disability, temporary partial disability, mileage, permanent partial disability, etc. should be made directly to our office. We have an attorney fee lien on file in this case and we are claiming a potential attorney fee lien on any temporary and permanent disability benefits. Any checks mailed directly to the client will be subject to double payment by the insurance carrier as violative of our attorney fee lien.

WE DO NOT AUTHORIZE ANY CONTACT FROM THE ADJUSTER WITH OUR CLIENT. ANY CORRESPONDENCE TO INCLUDE ALL CHECKS PAYABLE TO MY CLIENT SHOULD BE FORWARDED DIRECTLY TO MY OFFICE.

Should any videotape of our client ever be obtained please consider this a demand for immediate production thereof.

Please consider this our seven (7) day demand prior to filing for a preliminary hearing to obtain the above requested benefits.

Sincerely,

Roger D. Fincher  
RDF/jka

This is not wordplay. The document explicitly blocks direct contact with me, routes all information and payments through counsel, and confines the matter to workers' compensation only. By doing so, it placed full control of communications and strategy with my attorney and reasonably caused me to rely on a comp-only process, delaying discovery of other legal rights and supporting equitable tolling.
